|  | 86 | 87 | 88 | 89 | 90 | 91 | 92 | 93 | 94 | 95 |  |  |  |  |  |  |  |  |  | $\rightarrow$ | 3 |

NOTE: A pitcher is required to observe the calendar day(s) of rest for the threshold he/she reached during the start of an at-bat, provided that the pitcher is removed before delivering a pitch to the next batter. Example, if a pitcher starts a batter with 50 pitches, then throws an additional 5 pitches during that at-bat, but is removed immediately following the conclusion of the at-bat, then the pitcher would be required to have one day of rest.

Days Rest: This is a full days rest. For example, if a pitcher throws 65 pitches on a Monday, then the pitcher is required 2 full days rest. This means the pitcher would need to rest on Tuesday and Wednesday, and would not be able to pitch again until Thursday.
